New
2-day Conference

THE SURVEYOR IN COURT

PREPARATION, DEPOSITIONS & TESTIMONY

With a Mock Trial & Important Info for Today's Surveyor

Friday & Saturday, May 15-16, 2009

8 a.m.-4 p.m. (check-in Friday at 7:30 a.m.), Hillsborough County Superior Court South
30 Spring Street, Nashua, New Hampshire

\$350 (if registration is received by April 30; \$400 after April 30), CRN 25754

**Approved by NH Joint Board of Licensure for 4.0 CEUs for Surveyors
Also Approved for Surveyor and Engineering Continuing Education by the
New York State Board for Engineering and Land Surveying**

Led by Two Legal Experts in Surveying

Jerry Broadus, P.S., Esq., and Scott LaPointe, J.D.

You never know when you'll be faced with a legal issue that will require you to respond to a deposition or provide critical legal testimony in a court of law. Whether it involves land or water boundaries, rights of way, etc., or a situation that calls into question your own professional practice, you must be ready and able to present yourself and your information in the most effective manner—with clarity and persuasiveness, and in a comprehensive but concise way.

What You'll Gain—Topics Presented

On the first day of the conference, **Jerry Broadus, PS, Esq.**, and **Scott LaPointe, J.D.**, two legal experts in surveying, will give you valuable insight, practical tips, and key strategies for handling depositions, testifying in court, and presenting materials in legal matters. The second day of the conference will include a mock trial, deliberations, the verdict, and a chance to ask questions about the proceedings.

Take Part in a Mock Trial where YOU are the Jury

On day two of the conference, the experts will lead a Mock Trial of a surveying case where you will be part of the jury. This will be a fun, but highly educational activity that will demonstrate the potential pitfalls you might face in court and how to handle even the most unexpected circumstances.

About the Experts

Jerry Broadus, PS, Esq., is a licensed surveyor in Washington and Idaho, with a practice since 1989, and an attorney licensed to practice in Washington and before the federal courts. His company, Geometrix Surveying, Inc., provides expert consulting for attorneys working on difficult boundary dispute and liability cases. Geometrix has prepared material for surveyor negligence cases across the country, provided surveys of forest, urban, waterfront, harbor, and airport boundaries in Washington, and has prepared unique materials including a report to Congress for the settlement of a Federal boundary dispute. He provides training on legal issues and pitfalls for surveying, land use, and design professionals throughout the country through Cadastral Consulting, LLC, based in Pennsylvania. He offers continuing legal education on surveying to attorneys, and has taught advanced surveying classes for the Federal Bureau of Land Management. He is author of several boundary law articles for the Washington State Bar Assn., the American Bar Assn., and other publications.

Scott W. LaPointe, J.D., is a practicing attorney in Epping, New Hampshire, under the firm name of Brown & LaPointe, P.A. He was admitted to practice law in New Hampshire in 1982 and has concentrated in the area of real property, title, and boundary issues. He has litigated boundary and title issues before the New Hampshire Superior Courts and the New Hampshire Supreme Court. He received an honorary membership from the NHLSA in 1996. He has presented seminars for the New Hampshire Land Surveyors Association, and has been an instructor of paralegal studies at New Hampshire Technical College in Stratham. He is a member of the New Hampshire Bar Association Real Property Section and is a title agent for First American Title Insurance Company.
